

RADIOFLEX Radiator hose

Rubber kinkfree radiator and hot water hose

Suitable for use in machines and engines. Good resistance to hot water and antifreeze. Because of the kink-free construction the hose is very suitable for applications where a small bending radius is required.

Cover	EPDM
Tube	EPDM
Material inlay	Textile
Number of reinforcement	1
Colour cover	Black
Colour tube	Black
Min. temperature	-40 °C
Max. temperature	+120 °C
Spiral	Yes
Material spiral	Galvanized steel

Product number	Product	Inner diameter (mm)	Outer diameter (mm)	Working pressure (bar)	Burst pressure (bar)	Length (m)
