

SATURN UPE Oil and petrol hose

Rubber chemical suction and delivery hose acc. to EN 12115

Suitable for a very large number of chemicals such as most industrial acids, lyes and alkalis, and mineral oil products and solvents. Also suitable for all foods including animal and vegetable fats. Thanks to the black UPE, the inner wall of the hose is conductive. Temperature up to +100° C, depending on medium.

|-------------------------------|-------------------|
| Cover | EPDM |
| Tube | UHMWPE |
| Material inlay | Textile |
| Number of reinforcement | 2 |
| Static wire | Yes |
| Colour cover | Black |
| Colour tube | Black |
| Electrically conductive tube | $R < 10^6 \Omega$ |
| Electrically conductive cover | $R < 10^6 \Omega$ |
| Norm | EN 12115 |
| Min. temperature | -35 °C |
| Max. temperature | +100 °C |
| Spiral | Yes |
| Material spiral | Galvanized steel |

| Product number | Product | Inner diameter (mm) | Outer diameter (mm) | Working pressure (bar) | Burst pressure (bar) | Vacuum (bar) | Bending radius (mm) | Length (m) |
